###

About the ICBSS: The International Centre for Black Sea Studies (ICBSS) was founded in 1998 as a non-profit organisation. It has since fulfilled a dual function. On the one hand, it is an independent research and training institution focusing on the wider Black Sea region. On the other hand, it is a related body of the Organisation of the Black Sea Economic Cooperation (BSEC) and serves as its acknowledged think-tank. Thus, the ICBSS pursues applied, policy-oriented research, promotes knowledge on the Black Sea region both within and outside its boundaries, and offers policy advice with the aim to foster multilateral cooperation among the BSEC member states as well as with their international partners.
