Sea basins as relevant areas for territorial cooperation on Blue Growth: Experiences from the CPMR’s initiatives

Stavros Kalognomos
Policy Officer
CPMR Balkan & Black Sea Commission (BBSC)
CPMR’s MARITIME AGENDA

Strategy, governance and investments
- EU’s main maritime guidelines
- Governance of European maritime policies
- Budget and maritime investments

Marine living resources
- Fisheries and aquaculture
- Blue biotechnologies
CPMR’s MARITIME AGENDA

- Management & protection of maritime & coastal areas
  - Maritime spatial planning & marine environment
  - Coastal data
  - Maritime safety

- Education and training - Vasco da Gama

- Marine energies and maritime industries

Please view link
CPMR’s MARITIME AGENDA

- Maritime transport
- Maritime and coastal tourism
Maritime Investments & Innovation

• InnoBlueGrowth
  • builds a real community of projects
  • enhances dissemination & transferability of results
  • contributes to sustainable socio-economic development
Maritime Investments & Innovation

- MarInA-Med
  - coordinated communication & capitalisation activities
  - collected, processed & disseminated key results
  - included inter-project information exchange
Coastal Management

- Bologna Charter
  - strengthening Coastal Administrations’ role regarding
    - coastal protection
    - integrated management
    - adaptation to climate change
  - promotes a Macro-Project initiative designed for macro-thematic and multi-sectoral strategy
Coastal Management

- streamlines networking & management efforts in Mediterranean Protected Areas (PAs)
- ensures synergies between relevant stakeholders
- builds community of nature conservation stakeholders in the Mediterranean and acts as Communication & Capitalisation instrument
Coastal Management

CO-EVOLVE

- analyses and promotes co-evolution of human activities & natural systems in touristic coastal areas
- couples a presently unavailable analysis of threats and enabling factors for sustainable tourism
- interregional cooperation and transferring of best practices is a key challenge
- contributes to Bologna Charter’s implementation
Education and Training

- VASCO DA GAMA – Training for Greener & Safer Maritime Transport (VDG-TGSMT)

  - CPMR’s Vasco Da Gama initiative has promoted the attractiveness of maritime professions
  - contributed to development of high professional skills and the development of EU education and training
  - 2 Summer Schools: in Sweden and Italy
Education and Training

- **Blue Biotechnology Master for a Blue Career (BBMBC)**
  - will develop a Master’s degree in La Rochelle University addressing skills gaps in Europe’s Blue Biotechnology sector
  - will create a completely new teaching programme focused on blue biotechnologies
  - each student will be associated with a project led by a blue biotechnology industrial partner and hosted for his/her apprenticeship or internship
Tourism

MITOMED

- promoted integrated management of maritime & coastal tourism by improving knowledge of data, products, services and policies
- provided a common working framework for tourism actors and stakeholders
- contributed to objectives of Integrated Maritime policy and Agenda for Sustainable and competitive European tourism
Thank you for your attention!

Look forward to welcoming you to our **BSEC PERMIS – CPMR Workshop** on 28 March in Istanbul!
