Function of the CSO

- The CSO monitors, facilitates and aims to coordinate the work of the Expert Groups, the Task Force & coordinates the work undertaken within the three long-term priorities
Three Long Term Priorities
Regional Identity

To foster a Baltic Sea Region identity and intensify contacts supporting its further development.
Safe and Secure Region

To enhance societal security and safety in the Baltic Sea Region and to ensure that people of the Region are protected from and resilient to violence, accidents and emergencies through preparedness, and safeguarded against harm caused by criminal exploitation and human trafficking.
UN Sendai Framework implementation in the Baltic Sea Region

- CASCADE project seeks to improve urban resilience in cities and towns, as well as the overall macro-regional resilience.
- The project also strives to initiate a region-wide policy dialogue on the UN Sendai Framework for Disaster Risk Reduction
- The expected outcome: adapt existing risk assessment methodology to the climate change context and tailor it to the local level
Task Force Against Trafficking in Human Beings (TF – THB)

- Aims to develop the BSR as a model region in identification and provision of comprehensive and sustainable assistance to victims of human trafficking.
- Actions aim at strengthening assistance to victims, promoting cooperation, abolishing gaps in existing approaches and improving legislation in the Member States.
Children at Risk - CAR

- Aims to safeguard the implementation of the Convention on the Rights of the Child (1989) and the more recent UN Guidelines for the Alternative Care of Children (2009)
- Platform for regional cooperation on issues relevant to support children at risk.
- Activities and programmes carried out together with national authorities and international and national NGOs
Sustainable and Prosperous Region

To develop the Baltic Sea Region as a model region of sustainable societies able to manage and use resources efficiently, to tap the economic, technological, ecological and social innovation potential of the region in order to ensure its prosperity, environmental protection and social cohesion.
Regional response to a global challenge

- Specifically tailored for the BSR to guide macro-regional stakeholders through the implementation of the SDGs.
