About the Organisers:

– International Centre for Black Sea Studies (ICBSS)

Founded in 1998, as a non-profit organization, the ICBSS is a research and training institution focusing on the wider Black Sea region and a related body of the Organisation of the Black Sea Economic Cooperation (BSEC), and its think-tank.

ICBSS capitalizes on its dual role to advance effective synergies between scientific and advocacy work, at both regional and international levels. Through its diverse activities, the Centre aims to enhance knowledge, empower people and enable synergies in the wider Black Sea region both within and beyond its boundaries.

– Center of Analysis of International Relations (AIR Center)

Established in Baku, in 2019 the Center of Analysis of International Relations (AIR Center) is a think tank, which provides strategic insights and policy recommendations on international affairs, thus making decision-makers, as well as experts in the field better equipped in analyzing outstanding issues. Its mission is to conduct a comprehensive analysis of global and regional processes and expand activities aimed at raising the international community's awareness of Azerbaijan's foreign policy priorities.
